

Faith in ACTION

WEEK 4

We're making great progress on our gymnasium.

What you can see: final portions of foundation slab being poured this week

What you can't see: piping, conduit, water lines and much more undersurface work

What to expect: steel beams going up next week!

Imagine our Cathedral Academy Generals in their own athletic facility.

We're building the future – together!

CATHEDRAL ACADEMY
EDUCATING FOR ETERNITY
